University
of Science
and Technology

WELCOME to 3E+ Summer School 2017!

3rd – 28th July

Be a part of an unforgettable experience at one of the best technical universities in Poland- Wrocław University of Science and Technology! Join us for a Summer of **Energy, Environment, Electronics – 3E+!**

3E+ offers interactive small-scale courses (max. 10 students). Our courses are designed to provide an intensive, in-depth look at your topic of study. As 3E+ is open to applicants from all over the world you will engage in discussions with a unique group of peers!

Apart from lessons you will get to enjoy our fun and exciting Social Programme! Almost every afternoon and evening we deliver a wide range of activities. From City sightseeing tours, sports activities to all day trips outside the City of Wrocław. We arrange a variety of social events to help you get to know your colleagues and Poland better while having fun!

Why Wrocław?

- ▶ one of the major academic centers in Poland;
- ▶ the third largest educational center of Poland with 11 public higher educational institutions and over 140 thousand students;
- ▶ modern, open and dynamic city with rich history and culture;
- ▶ in the heart of Europe and in southwestern Poland, Wrocław is easily accessible to many other major cities;
- ▶ host city of World Games 2017;
- ▶ approx. 1 million residents in the greater Wrocław area.

You'll fall in love with Wrocław!

Why 3E+Summer School?

- ▶ 5th edition;
- ▶ participants from all over the world;
- ▶ 4-weeks of great experience;
- ▶ 60 hours of specialized courses in cosy groups;
- ▶ laboratory activities;
- ▶ Polish language and culture course;
- ▶ trips, events and sport activities.

Why WUST?

- ▶ 16 faculties;
- ▶ 33,500 students;
- ▶ 2,000 academic staff;
- ▶ 33 distinguished educational programmes, including courses taught in English and MBA programmes.

WUST is the region's unquestionable leader and one of the best and most innovative technical universities in Poland.

Our University is a perfect place for one to acquire knowledge and widen their interests. There are almost 160 scientific clubs operating at our faculties, as well as a radio station, newspaper and TV station run by our students.

The campus of WUST is continually developing and expanding to ensure to our students the best possible conditions for learning and research, as well as access to state-of-the-art technologies.

Choose from our offer

Faculty of Civil Engineering:

- Quality control and technical evaluation of building and civil engineering structures;
