

	Name: Grzegorz Kosobudzki
	Contact Phone: +48 71 320 26 33
	E-Mail: grzegorz.kosobudzki@pwr.edu.pl
	Faculty: Faculty of Electrical Engineering

Qualification:	(e.g. PhD. Eng.) received the M.Sc. degree in electronics engineering in 1999 (from Faculty of Electronics) and the Ph.D degree in electrical engineering in 2004
Note: Work Experience & Area of Research Interest:	<p>Since 2004 he has been working as a lecturer in the Faculty of Electrical Engineering. From 2006 to 2012 was deputy head, from 2012 is head of Laboratory of Electromagnetic Compatibility in Electrical Power Engineering.</p> <p>Current research area of interest includes power quality measurement and assessment, standardization of measurements, development of innovative methods, sensors, and instrumentation for measurement of electrical, and physical quantities. In 2016 and 2017 lecturer in the 3E + summer school. He participated in the Erasmus program several times as a teacher, during which he presented to students the basics of electromagnetic compatibility, power quality and measurement systems.</p>

A trip to the brown coal mine and Zgorzelec during the 3E + summer school in 2016
