

	Name: Romuald Tarczewski
	Contact: +48 71 320 64 60
	E-mail: romuald.tarczewski@pwr.wroc.pl
	Faculty of Architecture Wroclaw University of Science and Technology

Qualification	<ul style="list-style-type: none"> – 2012 – habilitation in Architecture and City Planning – 2005 – PhD in Architecture and City Planning – 1988 – professional license for structural design – 1986 – professional license for supervision of construction works – 1984 – MSC and engineer of building structures
Work Experience	<ul style="list-style-type: none"> – Since 2015 Associated Professor at the Faculty of Architecture at Wroclaw University of Technology – 2007-08 and 2010-12 – Head of the Division of Structures at the Faculty of Architecture at Wroclaw University of Technology – Since 2008 representative of Dean for e-Learning Program at the Faculty of Architecture at Wroclaw University of Technology – Since 2006 member of the Program Committee at the Faculty of Architecture at Wroclaw University of Technology – Since 1992 – researcher/tutor at the Faculty of the Architecture, Wroclaw University of Technology – 1987-92 – designer and structural team manager in the Research and Design Office for the General Purpose Construction “Miastoprojekt-Wroclaw” – 1983-87 – building site manager in the WPBP 1 construction company – Since 1996 member of the International Association for Shell and Spatial Structures (IASS); since 2010 r. member of the Executive Council – a governing body of the Association) – Member of the International Association of Structures and Architecture – Since 2015 member of the Polish Ergonomics Association – Since 2007 member of the American Mathematical Society (AMS) – Since 2009 member of the Mathematical Association of America (MAA) – Since 2009 member of the Society for Industrial and Applied Mathematics (SIAM) – Since 2005 member of the TensiNet Association, active in Working Group on Pneumatic Structures – Chair of the Permanent Committee of the Polish Chapters of the IASS – Since 2005 member of the Technical Advisory Panel and Scientific Committee of the cyclical International Conference „Structural Membranes” (Munich / Stuttgart / Barcelona) – Since 2010 member of the Scientific Committee of the cyclical „International Conference on Structures and Architecture – ICSA” – Member of the Scientific Committees of many international conferences – Reviewer for the International Journal of Space Structures (London)

	<ul style="list-style-type: none"> – Chair of the International Committee of the IASS Tsuboi Award – Since 2009 reviewer for the International “Hangai Prize” contest (University of Tokyo) – 1994-96 – work in the ISO TC 59/ SC 13 committee (“Organization of Information in Construction Industry) – 2007-11 – member Commission for Architecture and Urban Planning of Polish Academy of Sciences, Wroclaw branch – 1993-96 coordinator in the international (Polish/Norwegian/German) project Eureka 927 – 2012 – member of the Management Committee in the COST Action TU1303: “Novel structural skins: Improving sustainability and efficiency through new structural textile materials and designs” – a number of international and national publications – a number of designed and realized buildings and engineer structures
Area of Research Interest	<ul style="list-style-type: none"> – structural architecture, lightweight spatial structures, membrane and inflated structures, structural topology
